

Go Forward With The Right Financing!

DMG MORI understands that purchasing new machine tool equipment for your business is capital-intensive. DMG MORI Finance will develop a customized financing proposal, designed to offer attractive financing to support you on your path to a successful future. By combining knowledge of DMG MORI machines and their capabilities with our financing expertise, we can help you make the best technology choice with affordable financing and the simplicity of a single source provider.

Advantages of Financing Your DMG MORI Equipment

- Conserves working capital for your short term business needs- expansions, marketing, R&D
- Preservation of your bank credit lines
- Provides for 100% Financing- including equipment, software and installation
- Increases your purchasing power
- Financial Flexibility- helps maintain cash flow with budgeting of monthly payments
- Potential Tax Benefits with Operating Leases where the lease payments may be fully deductible as an operating expense* (consult with your tax advisor)
- Affordable way to invest in technology, acquire the tools now, then pay for them while you profit from using them

Loan or Capital Lease (\$1 Purchase Option or 10% Purchase Option)

DMG MORI equipment can be financed with a fixed Purchase Option at the end of the lease term. Under this structure, the Customer retains the Depreciation Benefits associated with ownership.

Fair Market Value Lease

DMG MORI equipment can be financed with a Fair Market Value purchase option at the end of the lease term. Under this structure, DMG MORI Finance retains the Depreciation Benefits and the Customer receives the benefit of lower lease payments. At the end of the lease term, the Customer has the option to:

- 1- Buy the equipment for its then determined Fair Market Value
- 2- Continue to lease the equipment at current monthly payment
- 3- Return the equipment to DMG MORI Finance
